The following are some of the diseases which will testify to its never-failing efficacy, viz:

Incipient stages of Consumption, when proceeding from a perculson shabit;

Chronic Rheumatism; Bronchinis;

Dyspepsia, when proceeding from hepatic derangement.

Constitutional Syphilis; General Debility;

Habitual Costivness; Cutaneous Affections, and all diseases arising from deranged secretions or impurities of the blood.

Persons usking this remedy should not grow integrated to the strength of constitution and the length of time that disease has provailed; therefore I would say to all who may feel disposed to test its virtues not to commence before they are fully determined to continue its use, whether it be one bottle, a dozen, or more, as no two cases are exactly similar, or can be relieved by any stated number in anticipation.

The accompanying certificates are from gentlemen of respectability residing in Washington city, and not from those abroad, to whom I would refer all those who are in the least doubtful. Hundreds of testimonials can be produced as to efficacy, but as they are seldon or over read, or eredence given to them, I have thought a few respectable certificates, coming from gentlemen well known would suffice.

Having been attacked with the best medical skill without benefit, and finally pronounced incurable, abe determined to try your extract of sersarilla, and, after the use of the very limited number of three but the she was completely restored, and has enjoyed better health than she ever before experienced.—Hoping that this description of her case will come under the notice of many who may be similarly afficted, I am most respectfully, yours,

Dear Sir: I hereby acknowledge a debt of gratined due you, in saying that I attribute my present state of good health entirely to the use of your invaluable preparation of Saraoparilla. I made use of your Rairaet of Sarasparilla to the amount of 5 bottler, after which I began to use my limb, and upon its further use had the satisfaction to find the disease radicated and my general health, very much upon the still continuous group think proper.

Dear Sir: Belleving that a public statement of my affliction may be of service to others similarly afflicted, as well as a benefit to yourself, I take this means of informing you, that about three years ago I was attacked with a Hemorrhage of the Lungs which induced my friends to despair of my recovery. My health continued to decline for a year, when I was selzed with Netralgia and severe Verigo. Having applied to physicians, both in this place and Baltimore, without the least benefit, and having also made use of the Galzanie Baltery without any good effect, I concluded to try your Extract of Saraparilla, and am happy to say, that after using a single bottle the pains entirely left me and I have been better ever since.

Respectfully, ENOCH W. SMALL WOOD.
